

CRIPPEN AND HIS LADY ARE ABOARD

Positive Statement is Got
by Montreal Newspaper
of That Fact.

COUPLE IGNORANT OF THEIR FATE

Montrose is Making Good
Time to First Port of
Call in Canada.

Montreal, July 29.—The Montreal Star prints the following message which it states it received this morning from Capt. Kendall, of the Montrose:

S. S. Montrose, July 28.
To the Editor of the Montreal Star:

Dr. Crippen and Miss Leneve. I am confident, are on board. He is still shaving his mustache growth and he is growing a beard.

Dr. Crippen is suspected. The other passengers are also ignorant of his identity. Miss Leneve refrains from talking. The pair have no baggage.

They cannot be parted and are very reticent. Dr. Crippen has stated that he has traveled much. He puts in much of his time reading books. He is very sleepless at night.

I first suspected the identity of the couple two hours after leaving Antwerp when I got the first clue.

Dr. Crippen says with regard to his companion, who is disguised as a boy, that he is taking him to California. The "boy" says the doctor is in bad health. They spend much time together in their room. Ordinarily they are bright and cheerful, but at times both show signs of decided worry. Dr. Crippen is booked as a merchant. The woman disguised as a boy is booked as a student.

This is the first account given to a newspaper.

(Signed) KENDALL, Commander.

CONFLICT OF AUTHORITIES.

Father Point, Que., July 29.—With the determination today that the steamer Montrose, which is believed to have on board Dr. Hawley H. Crippen and Ethel Clara Leneve, will not be boarded by officers of the law prior to Sunday morning when she will stop off here, interest among the assembled crowd of detectives, reporters, photographers and villagers diminished to a lively contest between dominion authorities and the provincial police, both jealous of the honor of making the arrest.

Detective Charles Gauthier is here and shows a letter from A. P. Sherwood, chief-commissioner of the Dominion police, authorizing him to take Dr. Crippen and Miss Leneve into custody if he is sure of their identity. He is warned not to give his prisoners an opportunity to harm themselves.

There Will Be a Collision.

The authorization reads: "If sure of your people make the arrest and keep the prisoners in separate cabins and make certain that no chance is given either of committing suicide."

This is good enough for Gauthier and he proposes to carry out his orders to the letter.

However, there is another side. Chief of Detectives McCarthy, of Quebec, is also on the ground and he is armed with a warrant, from the governor of Quebec province which he is instructed to serve on Crippen as soon as he finds him. Beyond these two men, who just now occupy the center of the police stage, this little village fairly swarms with police and private detectives.

Fog Swept Away.

Early today a thirty-two mile wind swept away the fog that had covered the broad mouth of the St. Lawrence river since last evening, and the Montrose will not experience the delay feared for her when the weather thickened yesterday unless the predictions of the next 24 hours fail. The White Star liner Laurentic, aboard which is Chief Inspector Dew, of Scotland Yard, had already entered the St. Lawrence and under favorable conditions should pass this point between three o'clock and six o'clock this afternoon. At 5:30 a. m. today she was 165 miles east of here. The purpose of Scotland Yard has been accomplished in that Inspector Dew, traveling on a faster steamer, has outstripped the suspects and he will be in a position to make his attempt at identification when the "John Robinson" and "John Robinson, Jr." of the Montrose passenger list arrive at Canadian port.

Will Wait for the Montrose.

The Provincial police understand that Dew will land here and wait for the Montrose. His subsequent procedure is a matter of doubt to those here. He may board the Montrose and continue to Quebec.

It is believed that his plans have been worked out with the minutest detail and that there can be no hitch.

Chief McCarthy, of the Quebec Provincial police will make the arrest of Dr. Crippen if he should prove to be on board the Montrose. The chief received word today that arrangements had been made between Scotland Yard and the Dominion government whereby Inspector Dew would be permitted to land here under a special order suspending the quarantine regulations and the Quebec officials are prepared to co-operate with the Scotland Yard man in whatever course the latter may adopt.

SPAIN ON VERGE OF A CIVIL WAR

Government and Vatican
About to Split and Don
Jaime is Busy.

CARLIST ISSUES HIS MANIFESTO

The Pretender Promises to
Lead His Followers to
Battle Soon.

Madrid, July 29.—Ominous reports are received, following the publication of the news that a rupture between the Spanish government and the Vatican appears imminent.

At San Sebastian Don Jaime, the pretender, has issued a manifesto in which he says that he will lead the Carlists in a battle which he intimates may be coming soon.

It is expected that Premier Canalejas will ask King Alfonso to set the stamp of his approval upon the course that the pretender has adopted.

Both Sides Make a Stand.

The Vatican has declared that the negotiations looking to a revision of the concordat cannot be continued until the imperial decree permitting non-Catholic societies to display the insignia of public worship has been withdrawn.

Canalejas has responded that he cannot cancel the program which the government has announced. In some quarters it is believed that the holy see counts upon the fall of the government. Canalejas, however, is said to have had the assurance of the king's support at the time he determined upon his plan for religious reforms.

The general situation is complicated by the unrest among the miners in the Catalonian provinces and the occasional clashes between the Catholic and non-Catholic elements throughout the country.

DON JAIME'S MANIFESTO.

San Sebastian, Spain, July 29.—Don Jaime, of Bourbon, the Carlist pretender to the Spanish throne, today issued a manifesto to the Carlists in parliament congratulating them upon their loyalty to the pope and their defense of the church and declaring, "I think the day is not far distant when my followers must rally to our flag. I will lead the battle."

PRESAGES A RUPTURE.

Madrid, July 29.—El Mundo, discussing the threatened break between the Spanish government and the Vatican over the refusal of Premier Canalejas to rescind the imperial decree which permits non-Catholic societies to display the insignia for public worship, says: "The holy see has no reason to feel offended. It is heading deliberately toward a rupture which will precipitate the opening of a rapid and energetic anti-clerical campaign."

STILL FIGHTING FOR PEACE IN BRITISH PARLIAMENT

Conferees Feel That Some
Progress is Being Made
and Will Keep On.

London, July 29.—The conferees of the two dominant parties who are trying to compose the constitutional differences of the house of lords and the house of commons already have succeeded in bridging several gulfs that have separated them, and a statement made by Premier Asquith in the lower chamber this afternoon indicates that the outlook for a compromise is more hopeful.

Unless a rupture occurs during the recess little further of an official character is likely to be heard regarding the negotiations until parliament re-assembles on November 15.

Mr. Asquith said: "The result is that our discussions made some progress—although we have not so far reached an agreement—as to render it, in the opinion of all of us, not only desirable but necessary that they should continue. In fact, I may go further. We would think it wrong at this stage to break them off."

The premier added that if further deliberations showed no prospects of an agreement that could be announced in parliament at the present session the conference would be closed.

STEPS IN BRODERICK CASE.

A Motion to Quash is Entered at
Springfield.

Springfield, Ill., July 29.—When the case of Senator John Broderick, of Chicago, charged with bribery in giving State Senator D. W. Holclaw \$2,500 to vote for William Lorimer for United States senator, was called here today by agreement of the counsel a motion to quash the indictment was entered by former State Senator Thomas Dawson, attorney for Broderick. The attorney for Broderick was ordered to file the specifications in support of the motion before the first Monday of September when the September term of court convenes.

The order was allowed because the case of Lee O'Neil Browne is called for trial in Chicago next Monday.

HARMONY IN OHIO

—From the New York Herald.

MAY SHORTEN TERM IN PRISON BY 2 YEARS

Detzer and Nicolai Eligible
Under New Parole Law
a Year Hence.

Indianapolis, Ind., July 29.—Two former Northern Indiana bankers, Edward N. Detzer, of Fort Wayne, and Frank H. Nicolai, of Auburn, now serving prison sentences in the federal penitentiary at Fort Leavenworth, Kan., may have their prison terms materially shortened by the operation of the new parole law enacted by the recent congress. They will be eligible for parole a year hence.

Each of the two men was sentenced on November 30, 1909, for a term of five years for defalcations. Under the old law the "good time" allowance on a five-year sentence is eight days for each month, and this would have given the men their freedom on July 30, 1913. The new parole law just enacted, however, provides that men who have observed the prison rules may be paroled after they have served one-third of the total of the term for which they were sentenced.

The application for parole must be favorably passed upon by the parole board and its finding must have the approval of the attorney general of the United States. This would make it possible for both Detzer and Nicolai to obtain their freedom on July 30 next, thus shortening the "good time" term by two full years.

There are now in Fort Leavenworth prison twelve Indiana bankers whose terms will be in some measure affected by the new law.

ROOSEVELT GIVES
HOOSIER MUCH TIME

Announces Time and Place
of Indiana Speech as
Capital Oct. 13.

New York, July 29.—United States Senator Albert J. Beveridge, of Indiana, who was an early caller today at Theodore Roosevelt's offices, reaching there only a few moments after Col. Roosevelt himself, entered his editorial quarters on arriving from Oyster Bay for his second visit of the week.

The colonel was evidently expecting the Indiana senator and left directions that the latter be shown in at once when he put in an appearance.

Gives Details of Indiana Speech.

Col. Roosevelt after his talk with Senator Beveridge announced that his Indiana speech for Senator Beveridge would be delivered in Indianapolis October 13.

"Senator Beveridge called on me last night at Oyster Bay," said Col. Roosevelt, "and again this morning. I did not know he was coming. I shall make my Indiana speech in Indianapolis."

Senator Beveridge told the newspaper men that he had just run in from Indiana for a few hours and was going back right away. He declined to talk of his visit with the colonel.

William G. Stanton, of Rayonne, N. J., a brother of Speaker Philip A. Stanton, of the assembly of California, who is a candidate for the republican nomination for governor in that state, called on Col. Roosevelt today.

Mr. Stanton has been stirred by newspaper reports that Col. Roosevelt was for Hiram Johnson, another "insurgent" candidate and that Gifford Pinchot had gone west in Mr. Johnson's interest.

Makes Signal Statement.

Col. Roosevelt made the following statement in the matter:

"I have told Mr. Stanton that I have refused to take part in this contest for the nomination for governor, just as I have refused to take part in all similar contests. No man represents me or has any authorization to speak for me in this matter or in any similar matter concerning a contest for a nomination, and I wish to state with all possible emphasis that I am not taking part one way or the other in this or any similar contest for a nomination."

"I would like to add that it ought to be unnecessary for me to repeat this statement, which I have made again and again for I should take part in one such contest I would be expected to take part in literally hundreds."

Senator Wm. Warner, of Missouri, and Frank B. Kellogg, of St. Paul, were among the colonel's callers today.

WILL OPEN FORESTS FOR SETTLEMENT SAYS WILSON

Secretary of Agriculture

Says Certain Lands
Should be Open.

Portland, Ore., July 29.—James Wilson, secretary of agriculture, arrived here last night from Seattle. He said he had taken personal charge of the forestry service and declared it his intention to open up for settlement all lands now within government forest reserves which are suitable for agriculture and do not run over 4,000 feet of timber to the acre.

"We are not trying to set men up in the timber business," said Mr. Wilson, "but where the soil of any tract is good and does not carry more than 4,000 feet of timber to the acre, we are willing to let the settler have it under the act of June 11, 1908."

"The forest reserve withdrawals were hastily made and there is much land within their boundaries, as they at present exist, more valuable for agricultural purposes than for timber. Five or six million acres of this class of land will be eliminated this summer as fast as maps can be prepared and proclamations prepared for the signature of the president."

OFFENSIVE SPEECH IN KING'S OATH IS CUT OUT

Bill Modifying the Form
Passes the Commons
by Big Margin.

London, July 29.—The bill modifying the declaration of religion required of the king upon accession passed the house of commons upon third reading today by a vote of 245 to 52.

In its final form the bill not only eliminates the phrases offensive to the Roman Catholic subjects of his majesty but it also makes it acceptable to the non-conformists by striking out the proposed statement of adherence to the established church.

King George is now required to declare merely that he is "a faithful Protestant."

DIVIDEND IS DECLARED.

German-American Bank to Pay 3 Per
Cent on August 1.

The German-American National bank has just declared its usual semi-annual dividend of 3 per cent, payable to stockholders on August 1. At the same time \$7,500 was added to the bank's surplus and the customary sum set off for furniture and fixtures. This brings the surplus of the German-American up to \$65,000.

RAWN KILLED BY HIS OWN WEAPON

Coroner's Jury Declares It
Was in His Hand When
Discharged.

SUICIDE HINTED, BUT NOT FOUND

Peculiar Verdict Gives a
Leeway for Some Acci-
dent Insurance.

Chicago, July 29.—The coroner's jury impaneled to inquire into the death of Ira G. Rawn, returned an open verdict at 3 o'clock this morning, but found that he died from a shot fired from his own weapon by his own hand. The verdict is as follows:

"We, the jurors, sworn on oath to inquire into the death of Ira G. Rawn, at his home in Winnetka on July 20, find that he came to his death at 1:30 o'clock on the morning of July 20, from shock and hemorrhage caused by a bullet from his own revolver fired by his own hand, but whether this was accidental or with suicidal intent this jury is unable to determine except that the location of the wound and the type of revolver render the accident theory less probable."

Believe It Was Suicide.

The verdict was so worded as to show that Mr. Rawn was believed by the jurors to have been responsible for his own death, but the question of suicide or accident was left to be fought out by the family and the insurance companies. It took several hours' deliberation to reach a finding.

One of the chief points involved in the long discussion was how to word the document in such a manner as not to deprive Rawn's family of any legal rights the members might have under the \$110,000 of accident insurance policies left by him.

Wanted to Call It Suicide.

Two of the six jurors held out for a long time for a verdict of suicide; two others held to the accident theory. The verdict was a compromise between these divergent views.

Representatives of the Illinois Central railroad declined to testify, and put the refusal on the ground that to give information would imperil pending litigation.

MOTHER DECIDED TO SELL HOME AND PAY FINE

This Prompted Petition and
Leniency of the
Governor.

Lloyd Pherson, released from jail when Governor Thomas R. Marshall remitted his fine of \$500 assessed for a most shocking crime, owes his freedom to a devoted old mother, who had arranged to impoverish herself and her aged husband to get a worthless son out of jail.

Mrs. Pherson was here and her pleading touched Judge J. Frank Munger, but he had no power to release the son and she made two or three trips to see Governor Marshall, who told her that she must get requests from the prosecuting attorney and the judge of the court that convicted him before he could take any action.

Local authorities refused at first to consent to this on account of the revolting crime that the prisoner had acknowledged he was guilty of, then the good old mother who would not believe that her boy had committed a wrong even in the face of his own confession, went back to her home at Logansport and set about arranging to sell her little home and her household goods, if necessary, to pay that \$500 fine.

This reached the ears of the local authorities and, as the father is advanced in years and has but one arm and the mother is too old to work, they agreed to ask that the fine be remitted, thinking it better that he be released than that he should be the expense of the state rather than have two tottering old people give their all to settle his fine.

This devotion on the part of the mother is solely responsible for the release of Pherson, as city court officers were very unwilling to turn him out of jail. In his letter to the governor Judge Munger said he was sorry he could not have inflicted a longer sentence and a bigger fine but that he could not stand to see the old people give up their holdings.

GENERAL M'KEE IS CHEAPER THAN TROOPS

Governor Will Keep Him at
South Bend as Long as
He is Needed.

Indianapolis, July 20.—How much longer Brigadier General McKee, of the state guard, will remain in South Bend, where he is representing Governor Marshall in the Grand Trunk railway strike situation, will depend on General McKee's judgment, the governor says. The latest word received by the governor from General McKee, which came in a telegram yesterday afternoon on the governor's return from Cleveland, was to the effect that the road was resuming the running of its trains on schedule time, and that the success or failure of the attempt would provide an adequate test of the temper of the strike sympathizers in the city.

"It is much better to keep General McKee on the scene at \$16 a day than to send up a detachment of state militia at a cost of \$1,000 a day," said the governor, "and as long as General McKee continues as efficient as he is now as an averter of trouble, he will be kept there, unless, in his opinion, the situation shapes itself about so that there will be no danger of more rioting. The situation has been left entirely in McKee's hands."

CRIPPEN AND HIS LADY ARE ABOARD

[Continued from Page One.]

Sardinian Passes.
The Allan liner Sardinian, which was at first erroneously reported to have the suspects on board, passed here early today. Her captain already had sent a wireless message stating that no one answering the description of Dr. Crippen was aboard, so eliminating that vessel as a factor in the case. The Sardinian, however, helped materially in the early stages of the Trans-Atlantic pursuit. It was this vessel that picked up the strange wireless from the Montrose and relayed to the European coast the word that two persons believed to be Crippen and the Leneve woman were aboard the Montrose.

Fact Not Absolutely Established.
The plans and activities of the police are based of course, upon the assumption that Crippen and his companion are aboard the Montrose. This fact has not been absolutely established from the police standpoint. Nevertheless, the frequent wireless messages which have been received since the Montrose got into touch with this side of the Atlantic tend to confirm the authorities in their belief that Captain Kendall is correct in the matter of identification. These messages are in varying degrees of positiveness, some making the explicit statement that Crippen is aboard the steamer, others reiterating the fact that the suspected parties are aboard. The messages have definitely established that no actual arrests have occurred thus far. There is no particular significance in this, however, as Superintendent Frost, of Scotland Yard, already pointed out.

Dew Knows His Man.
It was Dew who interviewed Crippen in London and he knew the man well. It was Dew also to whom Scotland Yard says Crippen's promise was given that he would not leave London until the mystery surrounding the disappearance of his actress-wife was cleared up. A personal element enters into the keen activity of Inspector Dew, as he has been sharply criticised by the press and public in London and by some members of parliament for not arresting Crippen at the time suspicion was first strongly directed against him.

Governor Harmon Says Co-
lumbus Authorities Must
Make Effort.

Columbus, O., July 20.—Governor Harmon arrived from Charlevoix, Mich., owing to the strike situation and the call for troops and reached the state house at 11:55 this morning and went at once into conference with his private secretary, George Long, and with Adjt. Gen. Weybrecht, Briz. Gen. McMaken and State Labor Commissioner Wirmel.

With them he reviewed the situation. Pending the personal investigation the governor refused to make any statement, but issued a statement later, saying:

"The troops are not here to do police duty. If the city authorities call upon me for aid, I will order the troops on the streets in case of a mob. I shall not allow the troops to patrol the streets until the civic authorities say they cannot preserve order."

OPERATORS GET A RAISE.

Missouri Pacific Agents and Telegraphers Awarded Increase.
St. Louis, July 20.—Telegraphers and station agents of the Missouri Pacific and Iron Mountain systems were granted a six per cent increase in wages which amounts to \$50,000 a year in addition to concessions granted in rules governing working conditions by an award of the arbitrators under the Erdman act which was filed in the United States circuit court today. The arbitrators found that the company had a surplus of \$17,000,000 and that in addition the net earnings in two years were \$3,000,000. The finding is retroactive and the increase must be paid from June 1.

Contractor E. F. Liebman has secured the work of remodeling the Masonic Temple at a cost of \$3,400. The total improvements to be made in the building will total \$7,000.

The canal zone makes a community of about seven thousand Americans, men, women and children—4,500 men on canal work, 925 on the Panama railroad, 1,500 women and 1,500 children, divided among the handful of little villages, each of which has its individual social and sports activities.

During the first thirty years of the nineteenth century France recorded more than thirty births for each 1,000 inhabitants. After the Franco-Prussian war (1870-71) the birth rate began declining, between the years 1876 and 1900 ranging from twenty-six to twenty-two in 1,000. During 1900 it sank to twenty-one and more recent statistics show that the rate has fallen to twenty.

RAIN EACH DAY FOR FIVE WEEKS IN KENTUCKY

Damage to Crops is High
and Railroads Have
Suffered Much.

Louisville, Ky., July 20.—Following heavy rain in Louisville and many sections of the state, there was a precipitation of nearly one inch in Louisville this morning. It has rained in this section of the state nearly every day for five weeks and the damage to crops is mounting high, some authorities placing the loss to farmers and to railroads thus far this season at \$3,000,000. There was a rainfall of 5.27 in Beaver Dam, Ky., yesterday. Earlinton reports 3.17, Bowling Green 1.80, Owensboro 1.75 and Bardonia 1.12. Railroad traffic in the southwestern part of the state is practically at a standstill, the Louisville, Henderson and St. Louis railroad being practically out of commission, owing to fifteen washouts in the vicinity of Hawesville. The Illinois Central is also experiencing difficulty in moving its trains in that section of the state.

DELUGE IS RENEWED.

Owensboro, Ky., July 20.—The Green river section of Kentucky was visited by another terrific rain and thunder storm, piling the water to a greater depth over the thousands of acres of crops already covered. At noon today it commenced to rain again and the situation is gloomy.

Every small stream in the Green river section is out of its banks and fertile fields of tobacco and corn and thousands of bushels of unthreshed wheat have been washed away.

The Ohio river at this point is rising more than six inches an hour and bottom lands of Kentucky and southern Indiana will soon be under water.

So rapidly did the water rise last night that the family of John Fulkerson, a farmer, awoke to find the furnace floating. They managed to cut a hole in the ceiling and climbed to the roof, whence they were rescued by neighbors.

During the past three days more than ten inches of rain has fallen in this section.

He is going to Canada soon for a vacation of several weeks and he will not make his campaign plans until after his return. He said he did not know how much of his time would be devoted to Indiana and how much to other states. He declined to discuss state issues or the state campaign.

New York, July 20.—E. F. Atkins was today elected president of the Westinghouse Electric and Manufacturing company, succeeding George Westinghouse. Edward M. Herr was elected vice president of the company. Robert Mather was re-elected chairman of the board of directors.

Wall street heard that Mr. Westinghouse was forced from the presidency. Friction over the recent management of the company has, it is said, existed between the chairman, Robert Mather, and Mr. Westinghouse and this is the cause assigned for the action of the directors.

HUSBAND DENIES A CHARGE IN HIS ACTION

Says Wife Was of Unsound
Mind When He Mar-
ried Her.

An action filed in the superior court by Otto C. Schaphorst in effect a denial of a charge made in his wife's recent suit for support when she charged that his neglect at the time of the birth of their child caused her to lose her mind and to be sent to one of the state institutions until it was restored.

The husband wants the marriage contract, which was entered into on July 20, 1907, annulled on the ground that the woman was mentally unbalanced at the time. He alleges that her mother and sisters knew it at the time, but did not inform him. F. B. Coierick filed the suit.

NEWS OF FORT WAYNE'S NEIGHBORS

PATIENT DIED ON WAY TO HOSPITAL

Was Being Brought to Fort Wayne for Operation and Died at
Etna Green.

Etna Green, Ind., July 28.—Charles Snyder, of near Stony Point, near Etna Green, who had been ill with intestinal trouble for some time, died suddenly here on Thursday morning while en route to the hospital at Fort Wayne for an operation. Snyder's condition became serious a few days ago and it was decided to take him to Fort Wayne at once. He was taken to Etna Green Thursday morning, but died five minutes after he reached that place and before the train for Fort Wayne arrived.

Seized with a severe attack of hiccups Wednesday, he nearly choked to death. All day physicians worked over him and it was finally decided that he was a victim of acute appendicitis and that an operation would be necessary. Arrangements were made to take the patient to a hospital at Fort Wayne. He was placed on a cot in a spring wagon and was brought here where he was to have been placed aboard a Pennsylvania train.

En route to the station his condition became very critical and it was thought best to take him to his grandparents, Mr. and Mrs. J. K. Snyder, of Etna Green. Just as friends were about to lift him from the vehicle, the patient expired. All the time he was conscious and just before he died he expressed a wish to see his son, Duane Snyder, aged about four years, who was at the home of Mr. and Mrs. Oscar Harshner, with whom the boy had been making his home following the death of his mother, who passed away January 23 of tuberculosis, after a lingering illness.

The mother left two small children, a son and a daughter. Following the death Mr. Snyder took the two children to Wisconsin, to reside with a relative. Shortly after their arrival in the Badger state, the little girl died and the remains were brought back to Etna Green for interment.

It was Mr. Snyder's intention to return to Wisconsin, but he changed his plans. He was 30 years of age.

MARRIED IN CANADA.

And Young Couple Kept Their Secret Two Months.

Delphos, O., July 28.—A surprise was sprung on their friends, Thursday when Glenn Shriver, of Delphos, and Miss Beatrice Sauvel, a well known young lady of Van Wert, announced their marriage, which took place at their home in Delphos, Ohio. Friends of the young couple had been aware for some months that the wedding of Mr. Shriver and Miss Sauvel was to take place soon, but not until Thursday were they aware that the ceremony had been performed and the fact kept a secret for more than two months. On May 15 Mr. Shriver and his bride-to-be went to Windsor and were united in marriage by Rev. Oiler, at the M. E. parsonage at that place. They did not make known their intentions to any of their friends and were successful in keeping their marriage a secret. Announcements were issued Thursday and Mr. and Mrs. Shriver are receiving the congratulations. The groom is an employee of the Pennsylvania company as an operator, but is temporarily employed as assistant to the manager of the Western Union Telegraph company at Van Wert.

INFLAMED KIDNEYS

Medical writers declare it incurable after the sixth month whether albuminous or not.

The average man prefers to think of it as "kidney trouble" and lets it go but the census shows this appalling fact—out of 63,000 deaths from kidney troubles the last census year over nine-tenths of them (58,000) took the form called "Bright's Disease" although it is quite probable that nine-tenths of these up to the last moment thought of it as and called it "kidney trouble" when as a matter of fact the only possible hope laid through a special form of Bright's Disease. There never was one until Fulton worked out his renal emollient (Fulton's Renal Compound).

Since then inflammation of the kidneys whether albuminous or not or whether called "kidney trouble" or "Bright's Disease" or whether six months or six years old commonly yields, if you have had kidney trouble over six months no matter what you call it it is the only hope. Efficiency 87% where patients do not wait until bedridden although some recover. It can be had in Fort Wayne at the D. & N. Pharmacy, 624 Calhoun St.

We desire to hear from and advise with patients not noting the usual improvement by the third bottle. Literature mailed free. Write John J. Fulton Co., 645 Battery St., San Francisco, Cal.

ANOTHER MINISTER GOES FROM OSSIAN

Marion Deam is Seventh Young Man from There to Enter the Gospel Work.

Ossian, Ind., July 28.—Marion Deam, the son of Mr. and Mrs. J. C. Deam, of this place, a graduate of the Indiana university, and who has taken a theological course at the Union seminary in New York, is here visiting his parents. He preached in the Presbyterian church here last Sunday evening and delivered a sermon which for its excellence surprised his many friends. He will enter the ministry as his life work.

With his entrance into the gospel work Ossian now lays claim to seven young men who have gone into the ministry, all from the Presbyterian church here. The first three were sons of Rev. Wilson Donaldson, the father of the Ossian Presbyterian church, all of whom are today occupying prominent places throughout the country. Rev. John B. Donaldson is stationed at Laport, Ind. Rev. Robert Donaldson is at Minneapolis, while his brother, Rev. W. H. Donaldson, is in Denver.

The next minister to leave Ossian was Rev. Richard Hayse, who was well known to our older citizens. Rev. Hayse was for some years at the head of the Y. M. C. A. at Fort Wayne, but was transferred to Portland, Oregon, a number of years ago.

Rev. S. N. Vale was another Ossian boy who received his early schooling and religious training in Ossian. Rev. Vale is now pastor of a prominent Presbyterian church in Washington, D. C.

The sixth was Rev. Charles Oswald, who was born and reared in Ossian. He received his early religious instructions from Rev. M. M. Lawson and afterward completed a course at Wabash college and a school in Chicago. Rev. Oswald is now pastor of an Episcopal church in Brookland, N. Y.

BICYCLE THIEVES.

Two Young Fellows Under Arrest at Decatur.

Decatur, Ind., July 28.—Clinton Death, of Bobo, the young man against whom a case of alleged chicken stealing is pending, and who during the preliminary hearing Wednesday was bound over to the circuit court, is again in trouble, this time charged with the theft of a bicycle. The same charge is held also against Philip Raab, a young man of northwest of Bobo. The two young men were arrested by Deputy Sheriff Ed Green, the charge having been made against them by Marion Case, father of one of the owners of the stolen wheels. The two wheels stolen belonged to Andrew J. Case and William McCullough and were taken May 28th from in front of the church at Bobo, where the owners had gone to practice for some sort of an entertainment. The Case boy's wheel has been recovered from Carey Bones, at Wren, Ohio, to whom it was sold, but the other wheel has not yet shown up. The boys each have a \$100 bond for their appearance in Squire Smith's court next Tuesday, August 2nd, and were released.

FOUND LIQUOR THERE.

But Owl Club Members Were Not Violating the Law.

Marion, Ind., July 28.—Although beer and whisky were found in goodly quantities in the Owls club rooms on South Washington street in a search by the police, no charges of violating the liquor laws have been filed, for the reason, it is said, the Owls club is being operated in accordance with a strict interpretation of the law, and that under the statutes it is kept by members only. The search of the Owls club was made Wednesday by the police at the suggestion and solicitation of a business man and a newspaper reporter.

WILL REMAIN IN JAIL.

Columbia City, Ind., July 28.—After the close of the Helbig case which occupied the attention of Attorney W. F. McNagney during the greater part of the day, M. F. Belger, of Fort Wayne, consulted with him concerning the defense of his son, John T. Belger, who was arrested Tuesday evening, charged with assault upon Ruth Johnson. It was decided that the accused would not give bond but would remain at the county jail, until his trial came up. It is probable that the case will come up in September term.

BEAT HIS MOTHER-IN-LAW.

Montpelier, Ind., July 28.—Marshall George S. Mitchell, of Eaton, was in Montpelier yesterday and secured the assistance of Marshall Reynolds in arresting Leslie Taylor, who is wanted in Eaton for beating up his mother-in-law. Taylor was arrested at the home of his mother, Mrs. Henry Nestleroad, and was taken to Eaton, where he will be tried.

BROUGHT TO FORT WAYNE.

Huntington, Ind., July 28.—Mrs. Aldinger, the wife of the minister in the German settlement, was taken to a sanitarium in Fort Wayne yesterday violently insane. The woman had been showing the strain on her mental power for some time. During the last few days the power weakened and she became gradually worse until it required the services of three strong men to take her to the train.

BROUGHT \$140 AN ACRE.

Decatur, Ind., July 28.—John Forbush sold his eighty-eight acre farm to John T. Price, of Clinton county, this week. The land brought the handsome sum of \$140 an acre, and is considered one of the best farms in the county.

SULTAN OF SULU IS COMING TO US.

THE SULTAN OF SULU.

Los Angeles, Cal., July 29.—The sultan of Sulu is coming. More than a year ago he waved farewell to his subjects and started for a via China. Word comes from here the sultan has his palace, and banks for pearls, that he is across not so much for society business.

Cost of living has its effects in loin clothes and betel nuts, are two prime necessities in the country, and the sultan can't his pension to support a monarchial state. Each month he government voucher for \$125, he has fourteen wives to support doesn't have great trouble in the shortage.

government cut down his pension told him to live on in poly-

gamy—which is a diplomatic joke—and the Sultan has found he can't clothe fourteen wives even in reeds on his pension, to say nothing of enlarging his harem. Wives are his great extravagance. He paid \$5,000 for one English girl who lives in Singapore. He is a discriminating judge.

Before Mrs. Longworth was married she visited the sultan and he immediately proposed marriage, offering her father, who was then president, a large price for his daughter. He gave her a beautiful burnt leather saddle and some pearls to show his good will. He would give \$25,000 for an acceptable California girl.

While here the sultan will also keep an eye open for some handsome American girl who will make a suitable wife for his son. Since President Taft

and his party visited Jolo the sultan has been partial to the American type of beauty. He will visit in this city for several days and from here he will try to get the president to increase his pension.

lines in the passenger department under the general passenger agent; also all of the state of Michigan. The position is an important one and the appointment is the result of satisfactory work in the previous positions held by Colonel Thompson.

"Dick" Thompson, as his Fort Wayne friends call him, began his passenger experience with the Lake Erie and Western in this city over a quarter of a century ago, going from that company to the Wabash as local passenger agent, soon afterwards. Later he was appointed district passenger agent here and about two and a half years ago was transferred to Indianapolis in a similar capacity, though with a much wider field. JUDICIOUS "BLINDNESS."

Have you discovered that it doesn't do to see everything? That it is sometimes both politic and kind to look the other way on some occasions? A first offense should always be treated leniently. Even a dog is allowed to have one bite.

I know of mistresses who seem to live in constant readiness to pounce down upon the maids the very first time they catch them "napping." We all "nap" occasionally. Nobody is screwed up to a concert pitch all the time. These very same mistresses themselves often neglect some most urgent thing in order to skim through the latest novel. They even forget to order the cutlets for dinner because they meet somebody (outside the butcher's) with such an important bit of gossip that its telling drives everything else out of their heads. Why are they so ready to snap off coals of fire if once ten minutes late, or storm at Jane if somebody has to ring the doorbell twice?

A wise mistress keeps her hand always, so to speak, on the pulse of her household. She knows everything that goes on, but never "sees" anything until it becomes really necessary to speak of it. If a fault occurs more than twice, it is on the way to become chronic, and it must be checked. But a certain amount of latitude is due to every one. So be discreetly "blind" sometimes.—Home Notes.

Dinner.

Tomato Chowder, Baked Fish, Egg Sauce, Mashed Potatoes, Asparagus Sauce, Cheese Risotto, Pineapple Snow, Golden Cake, Coffee.

RECIPES.

Savory Omelet.

Two eggs, pepper, salt, one tablespoonful of butter, one teaspoonful of finely chopped parsley, one slice of onion chopped. Beat the yolks of the eggs, add the parsley, pepper, salt and onion. Beat the whites of the eggs to a stiff froth, and stir all together. Put

the butter into a small omelet pan and let it melt. Now take it off the fire and pour in the mixture. Stir about with a spoon until it sets, holding the pan up off the fire a little. Double it over to the half of the pan next to the handle, cook a minute, then turn it over to the other side. Cook a minute, turn onto a hot dish and serve at once.

Pineapple Snow.

Slice finely or cut into small pieces half a fresh preserved pineapple. Put this with the pineapple juice and three tablespoonfuls of sugar into a saucepan and simmer for ten minutes. Dissolve one and a half tablespoonfuls of powdered gelatin with half a cupful of boiling water and strain into the pineapple together with half a cupful of milk and one gill of sherry wine. Cook the whole gently for a few minutes then remove from the fire, pour it into a basin and allow to cool. Just before it begins to set, incorporate the stiffly beaten whites of three eggs. Whisk all over for five minutes on a glass dish, heap (ill) high. Sprinkle over with a few crushed macaroons just before serving.

TUB SUITS FOR BOYS.

BY MRS. JANE FORD.

678
3 SIZES 2 TO 6 YEARS

At this season of the year tub frocks are more practical and mothers who are planning such suits will do well to consider the one pictured. The pattern may be had in three sizes that will fit any boy between the ages of two and six years. Materials such as pique, linen, percale, duck, galathea and chambray are suitable for its development. They are woven in twenty-seven and thirty-six inch widths. Of the narrow three and one-half yards will be needed to make the four-year size, but of the wider two and three-quarter yards will be sufficient.

Suggestions that will simplify the making of a garment are always of interest to the home sewer, and there are many difficulties that may be avoided if one understands just what to do from the very beginning. The importance of reading the pattern table and becoming thoroughly familiar with both the instructions and the prices of the pattern before attempting to place them cannot be overestimated.

When the various parts are once placed they must be firmly pinned in position, so that the line of the paper may be accurately followed when cutting. The notches must be in exactly the same position as those in the pattern, for these not only serve as a guide to show which pieces are to be joined but they must be placed opposite each other in order to bring the parts into the correct position. The busting must be carefully done.

Governor Hendley has recognized the efficiency of the college of agriculture at the University of Missouri by placing in its charge all the charitable institutions and the county farms of the state. There are 114 county farms and twenty-five institutions. It is the plan to send inspectors around regularly. These inspectors will make reports to Dean Mumford and in this way the farms will be managed by the college of agriculture.

MISLEADING NAMES.

A vast number of incorrect notions are acquired by reason of misleading names; but, after all, is it of any particular importance, so long as we get what we are after? For instance, we go into a store and ask for a Dutch clock. We get a clock, the kind we wanted, so it does not really matter that it is not a Dutch clock at all, but of German manufacture. Practically all the wooden clocks called Dutch are made at the village of Fryburg, in the Black Forest. It is all due to mispronunciation: "Deutsch" in German means "German."

Nothing is more natural than to assume that India ink comes from India, but it does not, and never did, any. It originated in and comes from China, and should be called Chinese ink, as it is in France, and the latter comes from Central and South America.

Home Baking Is

Never Worth While

Even in the most pleasant baking days it is a waste of one's own time to bake bread at home; for bread just as good can be bought at the grocery and at a cost far less than it costs to buy the materials for home baking.

These Days It Is

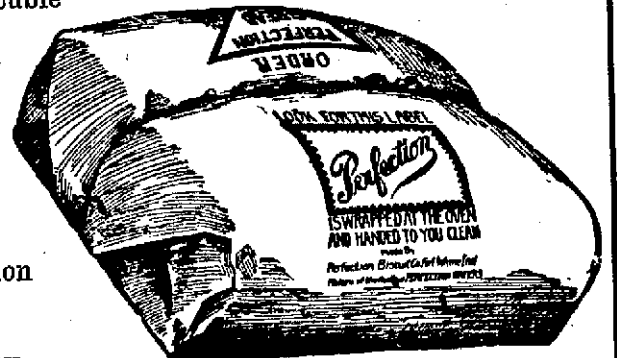

Self-Inflicted Torture

If bread baking is not worth while in cold weather, what is it in such weather as we have been having almost all summer? Self inflicted torture of the most useless sort is all it could be called (unless some of you women who bake can think of something stronger.)

So Give It Up

Don't attempt to do another day's baking, at least for the rest of the summer. Then, in the fall, if you still believe that your own bread is so much better than "Perfection," it is well to begin again.

Camel's hair brushes are not made from the hair of camels, but from hairs from the tails of Russian and Siberian squirrels, says Paris Modes. The hair of camels is, however, used for making fine fabrics, such as shawls, rugs and underclothing, and is sometimes mixed with silk.

"Genuine French brier root pipes" are not made from the roots of brier, but from the root of a white heath which reaches a considerable size, and is cultivated in the south of France for pipe making purposes. The name is derived from the French bryere, the dialect form of which is briere, meaning heath.

We have a firmly fixed notion that a centipede has a hundred feet, and naturally; but we are misled by the name. Count 'em. There are about thirty feet on the largest size.

We remark that such a one "speaks through his nose," when, as a matter of fact, the queer disagreeable tone is produced when the nasal passage is closed.

Silkworms are not worms, but caterpillars; sealing wax contains no wax; heartburn has nothing to do with the heart; and sweet spirits of nitre does not contain any nitre.

"Let's have an old style country dance!" someone exclaims, and immediately there jump into the minds visions of red checked girls and stout lads dancing gayly in the barn. The term, however, is simply a corruption of "contra dance," from the Latin contra or opposite.

MUNICIPAL DEBT OF NATION NEAR TWO BILLIONS

New York Leads With More Than a Third of the Grand Total.

Washington, July 29.—The enormous sum of \$1,718,000,000 is owed by the 158 cities in the country having each a population of more than 30,000. The figures show net indebtedness and are given out by the census bureau as a result of its canvass for 1908.

The same authority finds that of this sum New York owes \$684,000,000, or almost 40 per cent of the aggregate. This is more than seven times the amount of the net indebtedness of any other city and more than one-half of the total amount owed by the twenty-nine next largest cities in the country.

Spent Near One-Third. It also is shown that of the \$275,000,000 spent for improvements in the 158 cities in 1908, New York expended more than \$83,000,000, or nearly one-third of the entire sum. Of that total debt increase for the year, \$185,377,858, near one-half is credited to New York. The per capita indebtedness of New York also is much larger than that of any other city, exceeding \$157, as compared with \$128 for Cincinnati, \$119 for Boston and \$113 for Galveston, the other cities making the nearest approach.

It is pointed out that a large proportion of the New York expenditures have been for public service conveniences. The betterment of the water system, the construction of toll bridges, and other self-supporting services are responsible for 37 per cent of the total net debt of the metropolis.

Detroit's Per Capita Debt Low. Of the cities exceeding 300,000 population, Detroit has the smallest per capita debt, \$26, but Indianapolis, falling below 300,000, makes an improvement with a debt of only about \$17 to the person.

In the matter of the payments for improvements in 1908 Chicago took rank next to New York, the total for the Illinois city being \$18,092,988. Philadelphia's expenditure was \$14,473,184. Of the total expenditure for all the cities about one-third was for improved public service and another third for highways.

Summer Skin Troubles

Immediately Benefited by Poslam.

Which Soothes, Cools and Heals. Mothers and those having the care of infants and young children which are chafed and irritated by skin eruptions and rashes will appreciate the cooling, soothing and healing properties of Poslam, particularly during the heated term, when these disorders are the principal cause of fretting and ill humor. Poslam contains nothing which can in any way injure the most delicate skin and may unhesitatingly be used in all cases. "My little boy had eczema on his head in the most dreadful form for three summers. We spent dollars on various medicines to no effect. After trying sample of Poslam I saw an improvement, and in a short while his head was entirely healed," writes Mrs. W. E. Hunt, Kingstree, S. C.

In all skin troubles Poslam produces immediately noticeable results, stopping all itching and rapidly restoring the skin to normal condition. A special 50-cent package of Poslam is prepared for minor uses and this, as well as the regular \$2 jar, is on sale by all druggists, particularly Meyer Bros. Co. But no one is asked to purchase Poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West 25th street, New York City.

IN THE CITY'S CHURCHES

LAST IN SCHOOL HALL

Sunday's Service at St. John's Reformed Church.

During the time that the St. John's Reformed church has been undergoing its extensive remodeling, which has been in progress for some months, the public Sunday worship has been held in the school hall of the congregation. Next Sunday, however, will end this. It will be the last public worship it will be necessary to hold there, for the remodeled edifice will be entirely completed next week and then the church auditorium will be completed.

The rededication services, as has already been mentioned in these columns, will occur on Sunday, August 7, and it will be a great event in the history of the congregation, bringing here Reformed church people from some of the surrounding towns and cities and joining in the exercises will be members of other congregations in this city.

There will be services in the forenoon, afternoon and evening. Taking part in them will be all the Reformed ministers of Fort Wayne and prominent divines from other places. Rev. Mr. Rosch, the pastor, has invited to come Rev. Schaaf, of Covington, Ky.;

Rev. F. H. Hilgeman, of Huron, Ohio; Rev. E. W. Kruse, of Spencer, Ohio; Rev. L. C. Hesser, of Decatur, Ind.; and Rev. G. A. Schwedes, of Bethablen, Pa.

CATHOLIC SOCIETY MEETS.

Organizations Which Will Hereafter Meet in Library Hall.

By a change which goes into effect next week with most of the organizations hereafter several of the Catholic societies, which have been holding their meetings at other places, will meet in the assembly room of the Library hall building, the dates of their meeting being as follows:

Ladies' Auxiliary of the Order of Hibernians—First and third Wednesday evenings of the month. They will make the change next week, the first meeting in the new place being Wednesday evening.

Ladies' Catholic Benevolent Association—Second and fourth Wednesday evenings of each month.

Hibernian Rifles—Monday evening of each week.

St. Joseph Association—Second Sunday afternoon at 2 o'clock of each month.

Knights of America—First and third Sundays, at 1:30 in the afternoon, of the month.

Division No. 1 of the Ancient Order of Hibernians—The fourth Sunday afternoon and the second Friday evening of the month.

Some years ago these various societies met at the Library hall building, but it seems had changed to other places. The assembly room of the Library hall is a convenient place of meeting, the room being commodious and convenient of location. Hence, it was deemed best to make the change.

WILL GO TO SYNOD.

W. F. Sander and Rev. W. E. Moll
Delegates From Fort Wayne.

The synodical conference of the western district of the Evangelical Lutheran Missouri synod will meet at Seward, Neb., on August 17 and be in session to and including August 22, and chosen delegates from Fort Wayne who will attend are W. F. Sander, of the English Lutheran Church of the Redeemer, and Rev. W. E. Moll, pastor of Emanuel Lutheran Church, Rev.

Mr. Moll represents the central district of the German synod and Mr. Sander the English churches of the Lake Erie conference, which includes congregations as far east as Buffalo, N. Y. The conference is an important church gathering, ministerial and lay, and meets every three years to discuss questions of theology and church interest. It is made up of the representative men of the church. Great interest always centers in its meeting.

Mr. Sander will leave the Friday before the meeting of the conference, which is on a Wednesday, and will visit at Lafayette, Ind., Danville, Ill., and St. Louis, Mo., reaching Seward in time for the opening of the conference.

SISTERS IN RETREAT.

Annual Gathering of Poor Handmaidens of Christ.

Seventy members of the Order of Poor Handmaidens of Christ are in retreat at St. Joseph's hospital in this city. They are from different places and will continue in retreat until next Tuesday when sixteen of them will take the vows and receive the habit, while twenty will renew the vows taken in retreat last year. At the opening service Wednesday, the sermon will be delivered by Rev. Father Francis, of Chicago. At the closing services next week Rev. Herman J. Alard, bishop of the diocese of Fort Wayne, will confer the habit and deliver the sermon. All the candidates will remain at St. Joseph's hospital for one year. The local institution is the mother house of the order.

ST. ANDREW'S CHURCH.

Start on Laying Foundations Will Begin Next Week.

Work on the building of the new St. Andrew's Catholic church in the eastern part of the city will begin next week, the contract for the foundation walls being let. This will be the work that will be begun next week. The foundation will be pushed to completion and the basement of the building put into shape for worship by the building of a temporary roof. This will be done some time during the fall and then worship will be begun in it and continued until the entire building is completed. This will enable Father Horstman, the pastor, to gather his congregation together and hold regular worship.

SPEAKS AT CAMP MEETING.

Supt. Cooper on Program of Holiness Association.

George I. Cooper, the superintendent of the Rescue Home and Mission in

this city, is one of the speakers on the program for the annual camp meeting to be conducted at Poneto, Ind., by the Northeastern Holiness association from August 1 to August 21. Supt. Cooper will be the principal speaker for the meetings to be held on Sunday, August 14. The meetings are under the direct management of Rev. Benj. F. Hornady, the pastor of the Poneto Methodist church. The principal evangelist will be Rev. A. D. Buck, of Silver Lake. The association was organized over a year ago and its camp meeting held last year was a success.

Reception by Sisters.

There will be a reception at the St. Joseph hospital next Tuesday when quite a large number of sisters will take permanent vows. The step is a great one in their lives and the ceremony attending the taking of the vows impressive.

Will Decorate the Church.

Rev. Charles H. Thiele, the pastor of St. Peter's Catholic church, is at Milwaukee this week making arrangements with contractors for the interior decoration of his church. This will be begun at once. The auditorium of the church has never had its walls decorated. The improvement will add greatly to its beauty.

IN CHURCH CIRCLES.

News of Interest About Various Congregations.

Quite a number of Methodists of this city will attend the Sunday school convention held at the Methodist church in Wallen next Sunday.

The ice cream social given last evening at the corner of Barr and Madison streets by the Walther League was well patronized. The Walther League orchestra furnished the music.

The James E. Graham Brotherhood of the Simpson M. E. church gave a watermelon feast last evening at the home of John Grider, on Packard avenue. It was an unique affair and highly enjoyed.

The vestry meeting of the English Lutheran Church of the Redeemer will be held Monday evening and the teachers' meeting Tuesday evening.

The regular monthly congregational meeting of the English Lutheran Church of the Redeemer will be held Friday evening of next week.

The Epworth league of the Trinity M. E. church will give a social on the church lawn on Tuesday evening of next week.

GOMPERS WILL GIVE DEMOCRATS HELP IN INDIANA

Labor Leader to Repeat His Speaking Touring During This Campaign.

Indianapolis, July 29.—It was announced at democratic headquarters today that Samuel Gompers, president of the American Federation of Labor, will be invited by the democratic state committee to make several speeches in Indiana during the campaign this year.

It is understood the principal speech will be made in Indianapolis immediately after Col. Roosevelt's speech. Gompers made a speaking tour of Indiana during the campaign of 1908. The State Federation of Labor supplied a special interurban car which took Gompers and his party all over the state. Gompers' speeches being directed to organized labor. The speeches this year, if they are made, will be of the same kind.

Perfecting Organization. Plans which, it was said, would bring about a more complete organization of the democratic state forces than existed two years ago, were presented by State Chairman Jackson to the members of the state committee at a meeting at the Denison hotel yesterday. The committee approved the chairman's suggestions, and dates were set for the meetings next month of the respective district chairmen with candidates on the county and state tickets, together with the congressional nominees.

Chairman Jackson also is to meet with the district chairmen and the plans of the campaign throughout the state are to be discussed. A portion of these plans already have been carried out in some of the districts, although until yesterday they had not received the official approval of the state committee.

Dates of District Meetings. Following are the dates for the district meetings:

First District—T. D. Scales, chairman, to meet with state chairman, county and state candidates and congressional nominee at Evansville, Aug. 5.

Second District—Fabius F. Gwin, chairman, to meet at Vincennes, Aug. 6.

Third District—Mark Storen, chairman, to meet at New Albany, Aug. 8.

Fourth District—F. M. Griffith, chairman, to meet at North Vernon, Aug. 12.

Fifth District—Peter Foley, chairman, to meet at Terre Haute, Aug. 12.

Sixth District—Bernard Korbly, chairman, date not set.

Seventh District—George Beebe, chairman, date not set.

Eighth District—Charles Murphy, chairman, to meet at Gary, Aug. 20.

Ninth District—E. E. Cox, chairman, date not set.

Tenth District—Peter J. Krueger, chairman, to meet at Plymouth, Aug. 19.

In the Sixth, Ninth and Twelfth districts similar meetings already have been held and the plans for organization have been formulated.

The committee was in session only a little more than an hour, and it was said by Chairman Jackson, as well as other members, that the organization plans was the only subject taken up.

Hayes Too Busy to Accept. Chairman Edwin M. Lee, of the republican state committee announced yesterday that owing to pressing work in the Second district the committee will not be able to avail itself of the services of Will H. Hayes, who acts as chairman of the speakers' bureau during the coming campaign. The chairman said that the situation in the Second district, of which Mr. Hayes is chairman, is such that it will require his entire attention during the campaign. The work of the speakers' bureau requires that the chairman has his headquarters in Indianapolis.

"Mr. Hayes was chairman of the speakers' bureau two years ago and four years ago," said Chairman Lee, "and his services were such that I would like very much to have them again during this campaign. However, the situation in his district is such that it is physically and politically impossible to carry out those plans."

Mr. Lee said that he has not yet determined upon any one else for the chairmanship.

City Clerk Jeffries, who was called to Cincinnati by the death of his mother, is back on duty.

ATLAS SUSPENDS A FORMER PASTOR OF THIS CITY IS DEAD WITH BUILDING RAZED

Action of Big Portland Cement Concern Causes Some Gossip. Rev. M. M. Rickoff Was Well Known Minister of Christian Church.

New York, July 29.—Announcement was made today that the directors of the Atlas-Portland Cement company, which has a capitalization of \$12,500,000, have decided to suspend the dividend on its common stock for the present. The company, which has been paying 8 per cent on its common stock, obtained a contract from the government aggregating many millions of dollars to furnish cement for the Panama canal.

NOT WELCHING ON CONTRACT.

Washington, July 29.—The Atlas-Portland Cement company has a contract with the government to furnish 4,500,000 barrels of cement for use in construction work along the Panama canal. The contract covers a period of three years, the first delivery under it having been made about a year ago. Deliveries are now made at the rate of about 5,800 barrels a day.

At the time of the acceptance of the contract protest was lodged with the secretary of war by Congressman Bennett, of New York, on behalf of a lower conditional bidder. The bid of the Atlas-Portland Cement company at about \$1.19 a barrel, the exact cost depending on whether the cement was delivered in wooden barrels or in bags, finally was accepted.

No attempt has been made, it was said today at the office of the canal commission, on the part of the cement company to abrogate or modify its contract.

A halt that has been called upon the laying of additional track at the Calhoun street crossing by the Pennsylvania company will probably stand until the old Harmon house has been razed, which will give a way materially changed complexion to the situation and it is likely that there will be no agreement with the city until this has been official, but the company owns all the ground on both sides of the street as far north as the south line of Railroad street and with the old building out of the way the company expects to show that it is not asking much of the board of public works in seeking permission to put down tracks to cross from one piece of its ground to the other.

No concessions will be made by the city until the company agrees to pay for some work in the proposed tunnel at Webster street and there will be no strong objection to this if the company is given the track facilities it is asking. Until a settlement is reached the company will not attempt to put down any more tracks.

Sliding Scale Is Fixed. If Tripper & Son dig the tunnel under the Calhoun street crossing so that tracks can be put down and cars running by Sunday, August 8, they will get a bonus of \$300 from the Fort Wayne and Vabash Valley Traction company. If the work is done a week later the bonus will be \$200, if two weeks later \$100 and if anything later than that nothing will be paid. The contractors have promised to try to earn the biggest bonus.

City Hall Notes. Two cars of poles for the new line from the Spy Run power house have arrived and work will be taken up as soon as men can be procured.

The paving of Division street was completed today and the thoroughfare is ready to be turned over to the city.

The Barber Asphalt Paving company has about completed the work of patching Maumee avenue.

Board of Works Routine. At a session scheduled for this afternoon members of the board of public works had about agreed to award to the Moellering Construction company the contract for sidewalks on Spy Run avenue. The bids were as follows:

Moellering Construction company, walk, \$56; excavating, \$40; curbing, \$58; catchbasins, \$20; sewer pipe, \$50.

O. F. Menefee received the contract for walks on Wildwood avenue at \$45 2-5 per foot; on Broadway at \$58 2-5; on Sutherland street at \$55 2-5.

John Grosjean, for walks on DeWald street, at \$68 and \$75.

SUFFRAGE PLEA ON PAPER BAGS SENT TO BROOKLYN HOUSEWIVES.

MRS. ROBERT H. ELDER.

New York, July 28.—Woman suffragists of Brooklyn have adopted a

novel plan for calling the attention of the housewives of the borough to their fight for the franchise. They have had 50,000 paper bags prepared, which are being sent out by grocers, each one bearing the following printed message:

Woman Suffrage Party.

Wanted—Every woman in Brooklyn to join the Woman suffrage party and help us to get votes for women.

We want to elect wise and honest officials, who will give us lower taxes, less rent, a clean and happy city and full time in school for every child.

Get a postal card. Write on it this: "I believe in woman suffrage." Sign your name and address and mail to Mrs. Robert H. Elder, No. 89 Willow street, Brooklyn. You will then be invited to the next meeting in your district. No money dues.

This unique plan of campaign is the idea of Mrs. Martha W. Sullivan, secretary of the city organization of the woman's suffrage party, and at a meeting of the executive committee held at the home of Mrs. Elder, who is the wife of Assistant District Attorney Elder, of Kings county, it was unanimously endorsed.

Bags Given to Grocers.

The paper bags were given free to grocers throughout the borough, and they are using them in delivering their goods. It is expected that the plan will result in gaining many new members for the organization. The officers believe that there are many women who would like to join but who do not know how to go about it.

This is only one of the many plans that the active members of the woman's suffrage party in Brooklyn are at work on, while others of the sex are enjoying themselves at the seashore and in the mountains.

At the meeting at Mrs. Elder's house it was decided to hold a mid-summer festival in July at the court of the hotel St. George and to invite prominent legislators and others. Senator Stephen J. Stillwell will make an address and Thomas M. Osborne has been asked to attend.

Must Give Pledge to Get Dance.

The high school girls of the borough are taking an active interest in the festival and will turn out in force. Each has invited several young men of her acquaintance and it is expected that many young voters who are not already in sympathy with the movement will be converted.

Each young man present, it is announced, will be asked to give a pledge to help the cause all he can in return for the privilege of a dance with one of the fair high school misses. If he refuses to give the pledge he will not get the dance.

The plan of the suffragists is to have a branch in every election district. This has now practically been accomplished and the members will take an active part in the next campaign. Every candidate for the senate and assembly will be asked to pledge himself to favor legislation granting women the franchise, and those who fail to do so will be opposed vigorously.

Mrs. Elder, recently elected chairman of the district organization, is working might and main in the interest of the movement.

LAKESIDE IS ENTHUSIASTIC.

Big Crowd Turns Out to River Front Improvement Meeting.

Lakeside manifested enthusiastic support for the river front improvement project Thursday evening, when some five hundred residents of that section attended a meeting held along the dike on Edgewater avenue, Lakeside, which on its own initiative began the work of beautifying the Maugan river front a few years ago, pledged its sympathy with the larger movement and authorized the appointment of a committee to circulate petitions asking for the creation of the water front commission and the tax levy to carry on the work of beautifying the banks of the streams.

T. J. Logan, president of the Lakeside Improvement association, presided, and with C. H. Vorden and R. B. Hanna, of the Civic Improvement association, delivered addresses from the tannery of an automobile. During the evening the band from the Indiana school furnished music.

HAIR WHITE AS SNOW

Restored to Natural Color with One Bottle of

WYETH'S SAGE AND SULPHUR HAIR REMEDY

The Only True Hair Restorer, Tonic and Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Remedy. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WM. WESTLAKE,
210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR REMEDY is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR REMEDY will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR REMEDY is guaranteed to do all that it is claimed to do or the price will be refunded.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Councilman Michael is the watchdog of the treasury.

George Markey is now regularly employed at the City hall.

The county offices are now all draped in mourning and pictures of General Grant are displayed.

Marriage licenses issued: Christian Starke and Wilhelmina Bihart, Enoch Elliott and Maggie Black.

Farmers are threshing wheat and the whiz of portable engines and the pop of jug corks are heard.

All is quiet in the Wabash shops here. The men have received no or-

ders to strike, and will not quit work if they do.

The Island Park assembly closes Thursday night with a great campfire. After this season of prayer and literature comes the policeman's excursion.

In accordance with the proclamation of Mayor Muhler, the city hall, engine house and city prison are being draped in mourning in honor of General Grant.

"Judge Hoadley" was driven a mile at the fair ground track this morning in 2:34½ by J. W. Pearce. The horse acted nicely, and quite a sum of money

changed hands on the speed. Seventy-two new water connections have been put into homes and business houses so far this year. This is more than was accomplished all last year, and indicates that the water-works are growing in popularity yearly.

Postmaster Kaough expects to take charge of his office next Friday evening at 7 o'clock. F. W. Kell, the retiring postmaster, is at Rome City and must come in person or send a written order before his assistant, D. A. Woodworth, can give Mr. Kaough control. Mr. Kaough has not named his deputy.

The electric light contract was approved in the council by a vote of eleven to seven. Councilmen Mohr, Doehrmann, Michael and Tresselt spoke against the electric light, and Councilmen Prentiss, Kensell, Wolfe and Scheidt favored it. Only one man, Councilman Goetze, changed his vote since the meeting. The electric light men were in the lobby, but not a gas man could be seen.

WOULDING.

Oh, would I were a dainty fay
To flutter hith and yon!
And that's a sample of the way
I like to carry on.

For oft I would I were a lark
Up in the blue aloft.
(Though birds are things, I might remark,
I don't would very oft.)

And times I would I were a star—
A fiery roving ball.
(Though, to be accurate, there are
Sometimes I don't at all.)

And now I would I were beset
With dinners by the hords,
And wounding thus I quite forget
To earn my daily board.

Why should I would? I have a den,
A bathroom (very nice),
Six dozen books, a fountain pen
And several home grown mice;

Friends who are (darely) noble souls
And spend their money free;
Also a pipe, dozen rolls,
Some milk, a pound of tea.

Yea, and a pair of summer pants,
Five shoes, size half past nine;
A portrait of a Dame du Danes
And four choice chairs are mine.

Why should I would? Besides, I miss
The joys of standing pat.
For always finding I am this—
I would that I were that!

Moreover, how it makes one laze!
And does it do one good?
Of course not. Yet I sit for days
And would and would and would!
—Horatio Winslow in Puck.

His Sad Experience.

"Yes, sir," said Uncle Zeke, "politics is a dirty business. You don't betch me mixin' in it any more. Never again. I know when I've had enough."

"You've been a candidate for office?"

"Wunst. That's enough fur me."

"Got beat, did you?"

"Yes, sir, I got beat, but I didn't mind that. It was the loss of confidence in my feller citizens, the fudgin' out that our politics is rotten all through, and that you can't depend on a man's promises. That's what hurt."

"Was it an abusive campaign?"

"Abusive? They circulated a report that I had corns in the palms of my hands. They said I took out my false teeth when I eat my dinner, so I wouldn't wear 'em out. They charged me with cuttin' my stogies in two when I smoked 'em so's to make 'em last longer. One of the papers printed the story that my grandfather on my mother's side was an Algerine pirate. They got a man to swear that I never had my hair cut in the dark of the moon. They accused me of belongin' to a nunnion church. They said I drunk my soup instead of eatin' it with a spoon. They said by breath always smelt of onions, and that my dog had fleas."

"What office were you running for?"

"I was runnin', sir," answered Uncle Zeke with impressive dignity, "for the office of coroner."—Chicago Tribune.

Art For Art's Sake.

"Which tooth?" inquired the man of forceps grimly.

"Any one you like," responded the victim calmly, "so long as it's a front one."

"But"—began the astounded dentist.

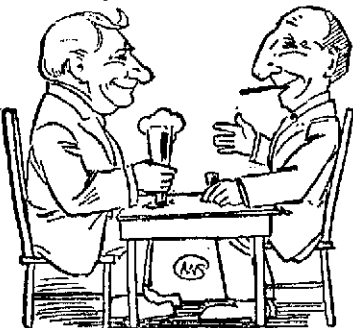

"Hurry up," thundered the visitor. With bleeding heart the operator hitched forceps on to a bit of absolutely sound ivory, dragged his patient three times round the room, and—

"Here, presto!" smiled the dentist.

"It's out! But will you be so good as to tell me why on earth you wanted a sound tooth extracted?"

"By all means," responded the patient. "You see, I'm an actor, and I have to take a part where the thespian-er aliphth. At first I couldn't mather it, but now I'm there it'll be a thimply thearmin' thuctheth!"—Answers.

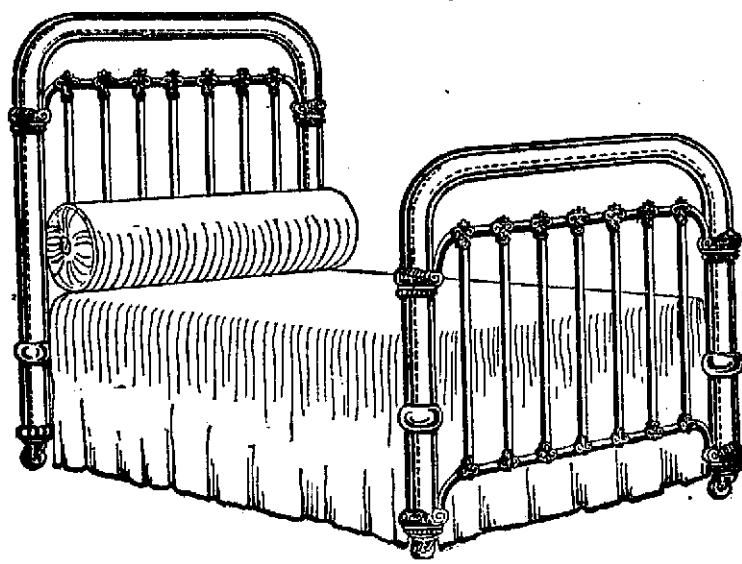

Certainly Caused No Outbreak.

"Buffalo Bill played his Wild West in a prison yard for the benefit of the inmates."

"I suppose he thought that would reconcile them to their fate."

GREAT ANNUAL BIBLE CONFERENCE AT WINONA

BIG MEETING AT THE LAKE.

Gathering August 20 to 31 Will Surpass Any in History of Winona.

The Bible Conference which is to be held at Winona Lake, Ind., August 20 to 31, has grown in numbers and importance until it stands conspicuously at the head of all such gatherings, not only in this country, but throughout the whole world. It is a great school where ministers and Christian workers, and all who are interested in the best and most wholesome features of the world of culture can produce, assemble for two weeks. Ministers of national reputation, masters of advanced thought, statesmen, orators, teachers, and reformers present messages on vital topics. The entire session is a climax. Enthusiasm prevails from the opening hour of this conference until its close. While a deep solemnity pervades many of the appointments there is never lack of animation. Youth and old age alike enjoy the feast that is continuous. No one can listen to the powerful appeals that come from these eminent defenders of the truth without receiving an impetus, and inspiration, that will add to the pleasures of living, and increase a reverence for all things noble. The Bible Conference is a magnet to draw men away from self; a guide post to point them to the paradise of contentment; a reservoir of reserved strength; a picture of peace; a sweet song in the soul. It has lifted myriads of despondent men out of their gloom, and planted their feet upon the rock of hope. It elevates ideals, energizes latent force, and seasons life with sympathy and tenderness. Vexing problems are more easily solved, and decisions that are vital to happiness reached with less wavering and worry after attending a meeting of this kind. True manhood is awakened, and a career of usefulness opened through contact with the zealous, consecrated minds of those who will conduct and assist in the program that is to be presented at the coming Bible Conference.

The splendid program which follows is given absolutely free, the conference being supported by voluntary contributions.

S.S.S. FOR SCROFULA
NATURE'S PERFECT CURE

The children of blood tainted parentage inherit a polluted circulation to burden their existence with disease and suffering. Swollen glands about the neck, weak eyes, running sores and abscesses, pale, waxy complexions, and frail, poorly developed systems are the most usual ways in which the disease is manifested. In some cases the blood is so filled with the scrofulous germs that from birth, life is made miserable with suffering, while in other cases it is held in check during young, vigorous life, but when the system begins to weaken, especially after a spell of sickness, the ravages of the disease will commence. S. S. S. is Nature's perfect cure for Scrofula, made entirely of healthful roots, herbs and barks, a safe medicine for young or old. S. S. S. goes into the circulation and drives out all scrofulous matter, and entirely removes the cause. It supplies the blood with the healthful properties it is in need of and in this way builds up weak, frail, disease-burdened persons and makes them strong, robust and healthy. S. S. S. cures Scrofula, because it is the most perfect of all blood purifiers. Book on the Blood and any medical advice free to all who write.

NERVOUS FROM OVER-STUDY

A Condition Which Parents Should Be Quick to Notice.

Proper Tonic Treatment Will Generally Prevent St. Vitus' Dance or Even More Serious Nervous Disorders.

Every person is endowed with a certain amount of nervous energy which is being constantly drawn upon by the work, worry and responsibilities of our daily life. It is also largely drawn upon during the after-effects of wasting diseases, as fevers.

Unless these drains upon the nerves are replaced by nourishment from the blood, the nerves become overworked and exhausted and some form of nervous trouble results. The value of the tonic treatment with Dr. Williams' Pink Pills lies in the fact that these pills do not stimulate the already exhausted nerves to keep up their work for a time longer but that they keep the blood pure and red and in that way fully replace the nervous energy that has been used up.

Mrs. Laura Schwambach, of No. 1214 East Missouri street, Evansville, Ind., says:

"Last fall my daughter, Rosella, aged fifteen years, began to suffer from nervousness caused by overstudy. She was very thin, had but little color and would get nervous and excited over the least little thing. She would come home from school all worn out and grew so much worse that I had to take her out of school. Her appetite was poor and she was very restless at night. Very often she had to go to bed with sick headache. She did not get any better under the doctor's treatment and as I knew of a case of nervousness cured by Dr. Williams' Pink Pills I decided to have Rosella try them. The pills gave her color and an appetite and she took them until cured and is now in good health."

If you are suffering from any nervous trouble, as neuralgia, sciatica, nervous headache, nervous prostration, nervous dyspepsia, St. Vitus' dance, partial paralysis or locomotor ataxia, send today for our new booklet, "Diseases of the Nervous System," which is free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
